To whom it may concern

It is my pleasure to recommend Heather Asa with ASA Construction. I have worked with her for four years in my capacity as Facilities Manager at OHSU. Heather worked for OHSU on various projects as a project manager, and based on her work, I would rank her as one of the best project managers we have ever had. Heather distinguished herself by consistently executing exceptionally well planned out projects.

Heather is highly intelligent and has superb analytical and communication skills. Her performance to our company is a good indication of how she would perform with yours, she would be an extremely positive asset to your program.

If I can be of any further assistance, or provide you with any additional information, please do not hesitate to contact me at the email address listed above.

Yours Sincerely,

Anthony Russell
